

THE
TEA JUNCTION

Welcome to the Tea Junction, the Isle of Man's first and only true tea shop, offering you the opportunity to purchase over 25 varieties of loose leaf tea and infusions of the highest grade, along with a host of other treats to delight and stimulate your taste buds.

Most of our teas are sourced from Pekoe Tea, a small family run supplier based in Edinburgh who trade ethically with small companies and estates guaranteeing the freshest and highest quality teas available.

HOW WE BREW
OUR TEA

We're a little OCD with our tea. You won't find any tea bags at the Tea Junction. Fortunately, the Island is blessed with good quality soft water, ideal for brewing tea! Not so great is the added chlorine so we filter that back out.

The tea you choose will dictate the water temperature and brewing time. Generally speaking the more delicate whites, greens and oolong teas require a lower temperature and brew time than the black teas and infusions. We take care of the temperature and provide you with a timer at your table so that you can pour your tea at just the right moment.

Some teas can be reinfused more than once, please ask if you would like a hot water top up.

All our teas and accessories are available for purchase, please ask at the counter.

Our range of fruity and tea based home infused gins are now available to take away in 50ml bottles and our tea based gins can also be purchased in 250ml bottles.
